Subdivision Regulations: The regulations pertaining to the division of parcels of land within Clark County into smaller buildable sites, blocks, streets, open spaces, and public areas, as officially adopted and as amended from time to time by the County Planning Commission. The purpose of such regulations is, among other things, to provide an adequate urban pattern by allocating sufficient and convenient open areas for traffic, utilities, recreation, light, air, and the avoidance of congestion of population.

Substantial Improvement: Any repair, reconstruction, or improvement of a structure, the cost of which equals or exceeds sixty (60) percent of the market value of the structure either, 1) before the improvement or repair is started, or 2) if the structure has been damaged and is being

restored, before the damage occurred. For the purposes of this definition, "substantial improvement" is considered to occur when the first alteration of any wall, ceiling, floor, or other structural part of the building commences, whether or not that alteration affects the external dimensions of the structure. The term does not, however, include either 1) any project for improvement of a structure to comply with existing state or local health, sanitary, or safety code specifications which are solely necessary to assure safe living conditions, or 2) any alteration of a structure listed on the National Register of Historic Places, or a State Inventory of Historic Places.

Swimming Pool: Any pool, pond, or open tank above or below grade level and not located within a wholly enclosed building, and containing or normally capable of containing at any point, water to a depth of greater than twenty-four (24) inches deep or having a surface area greater than two-hundred fifty (250) square feet.

Temporary Use: Any non-permanent or intermittent use of land, building, or structure which is permitted by these Regulations.

Thoroughfare, Controlled or Limited Access: A thoroughfare on the interstate highway system, or any other thoroughfare which is so designed as to carry large volumes of through traffic and preclude traffic flow interruptions normally resulting from turning and stopped traffic. Controlled or limited access thoroughfares have no grade crossings and utilize exit and entrance ramps, bridges, merge and exit lanes, and other design features to accomplish unimpeded traffic flow, and are not intended to provide direct access to abutting property. Controlled or limited access thoroughfares shall not be construed as providing lot frontage as required by these Regulations.

Thoroughfare, Major or Secondary: An officially designated Federal or state numbered highway or county or other road designated as a major thoroughfare on the Official Thoroughfare Plan of Clark County, or a county or other road designated as a secondary thoroughfare on said Plan, respectively.

Thoroughfare Plan: The Official Thoroughfare Plan of, and as adopted by, the Clark County Planning Commission, establishing the location and official right-of-way widths of principal highways and streets in the County, on file in the office of the County Recorder and the County Planning Commission, together with all amendments thereto subsequently adopted.

Wall: A boundary enclosure or separating barrier which is usually opaque.

Wall, Common: A wall containing no opening which extends from the elevation of building footings to the elevation of the outer surface of the roof or higher, and which separates contiguous buildings but is in joint use for each building.

Warehouse: A building or structure which use is limited to the storage of equipment or material.

Water System, Off-Site: See "Water System, Public".

Water System, Public: An approved water supply system which provides a distribution system and water treatment facility for a single development, community, or region.

Wholesale Establishment: An establishment that engages in the sale of goods, merchandise, and commodities for resale by the purchaser.

Yard: A space on the same lot with a main building, open, unoccupied, and unobstructed by buildings or structures from the ground to the sky, except as otherwise provided in these Regulations.

Yard, Front: A yard extending across the full width of the lot, the depth of which shall be the least perpendicular distance between the front lot line and the front of the main building.

Yard, Front (Least Depth): The shortest distance, measured horizontally between any part of a building and the right-of-way line of the existing street on which the lot fronts, i.e. the front lot line; provided, however, that if the proposed location of the right-of-way line of such street as established on the Official Thoroughfare Plan differs from that of the existing street, then the required front yard least depth shall be measured from the right-of-way line of such street as designated on the Official Thoroughfare Plan.

Yard, Rear: A yard extending the full width of the lot between the rear-most main building and the rear lot line, the depth of which shall be the least distance between the rear lot line and the rear of such main building. Where a rear lot line abuts an alley, one-half (1/2) of the alley width may be considered as part of the rear yard.

Yard, Rear (Least Depth): An open space extending the full width of the lot between a building and the rear lot line, unoccupied and unobstructed from the ground upward except as herein specified.

Yard, Side: A yard between the main building and the side lot line, extending from the front yard or front lot line where no front yard is required, to the rear yard. The width of the required side yard shall be measured horizontally and perpendicularly from the nearest point of the side lot line toward the nearest part of the main building. Where a side lot line abuts an alley, one-half (1/2) of the alley width may be counted toward the side yard requirement.

Yard, Side (Least Width): The shortest distance, measured horizontally, between any part of a building, other than such parts herein excepted, and the nearest side lot line.

Yard, Side (Least Width, How Measured): Such width shall be measured from the nearest side lot line and, in case the nearest side lot line is a side street lot line, from the right-of-way line of the existing street; provided, however, that if the proposed location of the right-of-way line of such street as established on the Official Thoroughfare Plan differs from that of the existing street then the required side yard least width shall be measured from the right-of-way of such street as designated on the Official Thoroughfare Plan.

Yard Sale: See "Garage Sale".

Zoning Certificate: A document issued by the Zoning Inspector authorizing buildings, structures, or uses consistent with the terms of these Regulations and for the purpose of carrying out and enforcing its provisions.

Zoning District: A portion of the unincorporated area of Pike Township of which certain uniform regulations governing the use, height, area, and intensity of use of buildings and land and open spaces are herein established. The term "A" District shall mean any A-1 District; the term "R" District shall mean any R-1, R-1A, R-2, R-3, or R-4 District; the term "B" District shall mean any B-1, B-2, B-3, or B-4 District; the term "O" District shall mean any O-1 District; and the term "I" District shall mean any I-1 District.

Zoning District, Overlay: A zoning district, the requirements for which are imposed in addition to those of the underlying zoning district.

Zoning Inspector: The officer or his/her authorized representative, appointed by the Board of Township Trustees, charged with the interpretation, administration, and enforcement of these Regulations.

Zoning Map: The Zoning Map or Maps of Clark County, together with all amendments subsequently adopted.

Zoning Regulations or These Regulations: This document in its entirety, any subsequent amendments, and all maps, figures, drawings, and any other clarifications appurtenant.
